Jules

This vessel is definitely the cleanest 2000 on the planet, very evident that the owner spared no neglect in taking perfect care of his boat the minute you walk on board. She boasts the best power plant available in this model with the twin freshwater cooled 5.0 EFI V-8's with the Bravo two drives and only 640 hours. A gorgeous RIB on the swimstep being held with the SeaWise davit and an 8hp Honda with electric start.
